Unspoken Promises Gabbie S. Duran

“I promise to never let go...”

That was Abigail’s unspoken promise to Matt the night she thought she found her happily ever after. But just as quickly, her promise will be put to the test as Matt’s past returns and threatens to tear them apart.

Abigail may be forced to walk away from the only place she now calls home, unless she can find the strength in her heart to stay and fight for Matt.

With every unspoken promise made to each other, can they learn to push beyond their past, or will they allow it to split them apart?

New Adult Contemporary Romance: Due to strong language and sexual content, not intended for readers under the age of 18.

Eye Candy Bookstore says

3.5 Stars

This book was an amazing and perfect follow-up to 'Unspoken Memories.' The relationship is special between Matt and Abigail and it's obvious to the reader from word one. Abigail's character was far more needy and less self assured in this novel. At times this made me want to reach through the book, smack her and tell her "to grow the hell up". I think I felt so strongly though because I was already looking at her like a sister! Gabbie Duran drew me into her characters and they became an extended family for the day that my world revolved around Abigail Adams. I highly recommend this book to anyone looking for a good romance!! I really liked how this book ended.... with enough suspense to keep me curious but not a full blown cliff-hanger! It was a pleasure to read this book!!

This book is not recommended as a stand alone. To understand many major plot points 'Unspoken Memories' must be read

Sassy Southern says

Unspoken Promises is book 2 in the Unspoken Series by Gabbie S. Duran. It continues with the story of Abigail and Matt.

In book 1 we are left with everything between them being almost perfect, but we are hit with a sledgehammer right at the beginning of book 2.

If anything can go wrong for this couple, it does. Throughout this book, Abigail and Matt struggle to stay together. They deeply love each other but the lies and secrets just keep pulling them further apart.

I didn't love this book as much as the first because I just got so frustrated with Abigail. It was really hard to feel sorry for her this time. She was the cause of most of her own pain.

There is a cliffhanger at the end of this one, but I still cannot wait to see what

happens to these two.

Marina Skinner says

This book was so incredible! I swear I was on tenderhooks most of the time. So many emotions go through you as you read it. I cannot wait to read the 3rd book now especially with the way it ended!!! Loved it!!

Carol*BeautyandtheBeastlyBooks says**

Ohhh Matt!!! How will I wait for another book to get you back now that I finished t jis one??
Review to come!

Rebeka Duran says

4.5 STARS!!!!

Gabbie has done it again!!

UP is book two in Abigail and Matt's story.

They have some much to overcome when the past comes back in book one.
Book two.... there is even MORE to face from their past.

With both of them doing fighting for each other and fighting against the people trying to tear down their HEA I knew it would be a wild heart wrenching ride!

Matt is still so loving and kind.

"Abigail was the light at the end of a darkened tunnel that I was trapped inside of. I had refused to keep walking forward when Emily died, but Abigail finally forced me to take the steps to awaken her. She helped me find the light within myself."

He faces something that about broke my heart. Something that i thought him and Abigail would never be able to get through together. But you have to realize that you MUST face your consequences after the actions you make.

"Hitting the steering wheel, hoping it will compensate for the pain that is tearing me up right now, I picture a broken Abigail back at home."

It will always come back to haunt you.... unfortunately.

If that isn't enough of a struggle, Abigail goes through a sprain to her ankle. Being that she is a runner she takes it very hard.

So through this story you see how this couple comes together to face the demons of their past along with

problems that arise.

I'm very happy with how this ended. ESPECIALLY the POV of the person i least expected to hear from.

I CANT WAIT FOR UNSPOKEN ENDINGS!!

I received a ARC from the author for an honest review

Natisha says

I read this book in 11 hours could not put it down did not want to miss anything amazing best ever...

Amazeballs Book Addicts says

Unspoken Promises is book two in the Unspoken series. It is not a stand alone. You need to read Unspoken Memories, book one in the Unspoken series first.

Wow, Unspoken Promises start of with a some big news and end with some big news. It starts where the first book left off. We are thrown right into the drama of Matt and Abigail's relationship. Abigail and Matt's relationship goes through a lot of drama in this book. At some points I felt Abigail was a little bi to whiney. but Matt did put her through a lot. Matt causes some unneeded problems because he just wasn't up front with some things. Trey of course is his usual funny self and adds some smiles and laughs to the story.

It's an emotional roller coaster of a read. The ending leaves you with some questions. I am definitely waiting for book three in the series Unspoken Endings to come out.

Melanie Charlesworth says

I don't know what the future holds between Abigail and I, but I'm praying it's a future of forever.

Unspoken Promises picks up where Unspoken Memories left off. If you have not read book one in the Unspoken series, you will want to read it first or you will not understand the story line. The story is told in the POV of both Abigail and Matt.

The story begins so nice and sweet and it made just want to swoon, but then, Matt's man-whore ways of his not-so-distant past begin to bite him in the ass. Do you remember Lisa, the chick he banged on the kitchen table, from book one? Well, she comes knocking on the door and drops a bomb on Matt and it changes everything between Matt and Abigail.

My biggest mistake has been that I've grown used to keeping things to myself. I've learned to shut out the world from my emotions that were dwelling inside of me after Emily died. It took Abigail for me to love again, but I still made the mistake of not being honest with her. It needed to stop, and it was going

to stop as of now.

Matt is still trying to deal with his sister's death and Abigail is still struggling with her memory. But their love is strong and if they stick together, they can conquer anything.

This next quote is hands down my favorite in the entire book and is being said to a girl from Matt's past trying to upset Abigail:

“... the difference between you and Abigail is that I merely fucked you, I just made love to her in there, so that’s what you’ll smell when you go in there.”

I have to warn you that it ends a bit cliffy. It wasn't a jump of a ledge, but the story is definitely not over. But I hope that we don't have to wait 9 months for book three like we had to wait for this one, because I want it now! I can't really say much more without ruining it for you!

R.P. Fischer says

Overall good and heartwarming but a fight every other page became annoying and strayed away from the love part.

Carolina Pedreira says

Idk... I've so many mixed feelings about this book.... so many fights, half truths, half lies, all fixed with some sex.... how this could be categorized as love??? How you don't trust the one you claim to love the most?? Neither one is truly invested in the relationship I hope get better with the last book

Renee says

This was a great follow up to book one. It sort of picks up right where book one left off. If you have not read book 1 then I say READ it now! There are less dreams for Abigail concerning Matt's sister. The problems between Matt and Abigail have yet to be solved. The author creates this high and low by adding obstacles for both characters. There is a time when I wanted to hate Abigail for something she does to Matt. There is also a time when I wanted to smack her but I have to remember she is still without her memory. As for Matt, well just as many instances I wanted to smack him. I remind myself that he is young and not nearly as worldly as she is. Aside from that he was very "active" let's say, before he met and moved Abigail into his house.

There are still problems for this duo that must be resolved. I really want to get to her career. I know she is not physically ready to really work as she used to but I hope book 3 focuses on more of her future. I really see them together as a couple but there is always a but...Can Matt be faithful? There was so much drama for him in this book that I think maybe he has been cured of the wandering eyes.

I enjoyed the minor players in this book as well as Matt and Abigail. I liked how Kelly plays a role in the friendship area. I think Trey is the perfect friend to both Abigail and Matt. When he feels she is right he sides with her. When Trey feels like Matt has done wrong he sure tells him so.

The good base is there for the next chapter I cant wait!

Rachel says

I can't wait for Unspoken Endings! This is by far one of the best series i have read. Please hurry with the next one!!!!!!

Jamie Zishka says

I just have to say that I became a huge fan of Gabbie's a long time ago when I read her first book Unspoken promises. I have to tell you this was a great second book in the series. You will most likely want to throw your kindle within the first chapter because you will be like no flipping way that happened when things were starting to get so good with Matt and Abigail.. but who doesn't love a little drama to thicken the plot! I was so happy to hear that there was more to Matt and Abigails story but damn if this book didn't end in a little bit of a cliff hanger. I love you Gabbie but I may have to hunt you down to get some more Matt and his pancakes, and not only him I can't freaking wait for Trey's story! I will have to say there were times when I wanted to shake Abigail and say what the heck are you doing this is Matt were talking about just suck it up and find a way to figure things out! So to all of you they haven't read either one of these books yet I will not spoil it for you but I will tell you get your butts in gear and go get them now! Looking forward to much more from Gabbie, thanks for another crazy ride in your mind!

Amanda says

4.5 Stars

I read Unspoken Memories when it first came out for a blog tour and I knew right away I was going to enjoy it, as well as then next books in the series. I couldn't wait to read this book.

Unfortunately, I had to. But it was well worth the wait. You must read Book 1 first to get the full details and background before you read this book. But I promise you, it is totally worth it.

When we left Matt and Abigail in book 1, it was almost wrapped up into a nice pretty little bow. Almost. Then we are just smacked across the face with a doozy intro with this book.

This is one of those books where you know something is going to happen, and it isn't going to be pretty. One hurdle after another hit both Matt and Abigail and you are in for a ride.

The ups and downs of their relationship and the obstacles they face are tiring. The way they handle them make you want to shake them, slap them and tell them to wake up and grow up.

This book is amazing, and I was left a little miffed, and sad but yet very excited when it ended and I saw there more to come in book 3. I will be anxiously awaiting for it's arrival. Totally recommend this book to all.

Keri says

I'm really enjoying Matt and Abigail's story. They have me going through all the emotions. From happy, sad, excited, frustrated. You name it. The last little bit from Bill has me scared as to what is to come for Abigail. I can't wait for Abigail to finally look at what's in the drawer. It's killing me she hasn't even looked yet. Bring on the next book. I can't wait for more of their story.
