### He Still Moves Stones (The Bestseller Collection) Max Lucado

People with questions. The Bible is absolutely full of them. A crook on a cross. A wild man in a cemetery. A five-time divorcée. A despondent cripple. A grieving sister. A father at the end of his rope.

Why are these portraits in the Bible? So we can look back in amazement at what Jesus did? No ... these aren't just Sunday school stories. They are historic moments in which a real God met real pain so we could answer the question. "Does God care when I hurt?"

On every page of this powerfully moving book, *New York Times* best-selling author Max Lucado reminds us that the God who spoke to Moses at the burning bush still speaks to you today. The God who forgave King David still offers you forgiveness. The God who helped men and women in ages past still comes into your world, and he comes to do what you can't, to move the stone away so you can see his answer.

Life according to Max Lucado can be made so much better by allowing Jesus to meet your needs. He documents problems which others have conquered while leaning on the Lord. Max's writing is concise, well-stated and documented if you are a believer.

If you aren't, he promises to show you a better way to tangle with the weird ways the world challenges us and drives people to despair. He does what he says. The book reads like a conversation with a true friend. Max has answers to questions you didn't know you had till you read this book.

Give Max the chance to challenge you to move Onward in a better way and he'll come through for you. This is an early risers best book, because to meet him in the morning before you start your day preps you for what you may encounter.

One of my all time favorites now.

This is the type of book that one needs to keep and reread from time to time. It seems we get so wrapped up in our day to day lives that we forget the source of our good fortune and reason that we are blessed. We forget that simply because we do not have what social media says we should have, nevertheless, we have more that we need if we seek to listen for God's words and to remember what He sent Jesus to do to remind us that through God anything is possible and that sometimes he puts up road blocks to remind us that we still

need the Father, Son, and Holy Ghost. However, he will never keep those road blocks in our way. God will move stones and make sure that we are on the path of righteousness.

#### **A Great Book Full of Miracles**

Max Lucado is my favorite Christian contemporary author and it's no wonder. He really knows how to engage the reader. His writing is never dry or without spark. That can be said for this book and his other books as well. What makes this book unique is that it is about miracles, and he teaches us in his writing that they can still happen today.

### **Mallory says**

Lucado takes stories we think we know from Scripture and draws us deeper in, showing us the broken, weary people Jesus works through are just like me and you. Highly recommended for anyone going through a tough time in their life.

Favorite quotes: "We have to move beyond the naive expectation that if we do good, people will treat us right. The fact is they may and they may not - we cannot control how people respond to us."

"[Satan] didn't take Martha out of the kitchen; he took away her purpose in the kitchen. The adversary won't turn you against the church; he will turn you toward yourself in the church. He won't take you away from your ministry; he'll disillusion you in your ministry."

"The most difficult journey is back to the place where you failed."

### **Bethany White says**

Max Lucado is inspiring and inventive in his efforts to renew the faith of his readers. This book offers the stories of the ultimately downtrodden and seemingly unforgivable. It is this exact collection of stories which offers the unpredictable outcome of forgiveness and mercy, not only from God, but among family and community as well. These are stories which couldn't possibly offer potential or healing, and yet each of these current testimonials, coupled with related Scripture, do just that.

I believe in the possibility of seeing new perspectives in any given situation, which is especially helpful in times of heartbreak or anguish. I could use this new talent and employ it in my writing, maybe taking the same one plotline and examining it from a couple of different character's perspectives, and then maybe have them all meet in the end

Max once again is masterful at painting such great illustrations with his writing. He is so gifted in that area.

#### **The story of the ultimate Stone Mover.**

I used the book as a daily devotional. Max Lucado has a God given talent to open the scriptures in new and amazing ways that lets the reader see Christ in ways they never thought of before. An inspiring time spent with our Lord and Savior. A great way to start ones day. Thank you, Max.

### **The Book Man says**

~ "Christ still sends message to the unworthy. And He still uses the unworthy as messengers. After all, look who's reading this book. And look who wrote it." (Lucado is AMAZING!!!)

~ "Faith is not the belief that God will do what you want. Faith is the belief that God will do what is right."

~ "The God who spoke still speaks. The God who forgave still forgives. The God who came still comes. He comes into our world. He comes into your world. He comes into your world. He comes to do what you can't. He comes to move the stones you can't budge. Stones are not match for God. Not then and not now. He still moves stones."

## **Lloyd Hinkle says**

A good book on considering that Jesus is still moving stones today
