The Highlander's Vow Barbara Longley

On the eve of her wedding, Sky Elizabeth, the earl of Fife's eldest daughter, learns of her betrothed's murderous plot against her. As she flees, Sky falls through a mysterious portal in time, landing at the feet of a twenty-first-century American knight.

Struan, the bastard son of the earl of Sutherland, escaped death through time's portal once. Recognizing what has befallen the frightened woman, he vows to protect her even while Sky, with a trace of fae blood in her veins, senses his resentment.

Despite their growing attraction, she's determined to find a way home to avert a clan war. Though he cannot deny his desire, he fears that helping her return to the past will surely lead to his demise. As the two work together, passion ignites and an unbreakable bond forms—but will it be enough to sustain them through the perils they'll face in the past? Can their love have a future?

Enjoyed it

Fun read, love the characters in the series and how they all intertwined. The flow of the story was nice and gave much desired results to the history of the 1st characters of the series.

Totally Loved It 5+*

Well this book four was by far the best story. Although I truly loved all the previous storylines, the creative time travel the author allowed us to feel as though it would be possible for anyone to have the experience. I sure hope we can read more in the future. I could actually see a modern chef stirring up things in the past ?. Definitely recommend.

Sissy's Romance Book Review says

I received an eARC, from NetGalley and the publisher, in exchange for an honest review.

This is book four in the "Loch Moigh" series by Barbara Longley.

I have not read the other books yet and was able to make it through as a standalone book but I did feel it would have been nice if I had started at the beginning. To help with some of the story/character build up. This was a really sweet, easy and fast read.

Sky Elizabeth we find is trying to escape her betrothed who is out to murder her. Sky while on the run finds herself in a mysterious portal in time. Which takes her to the twenty-first-century where she meets Struan, the bastard son of the earl of Sutherland. Struan too it seems has also come through a time portal. Struan was to help but he thinks this could lead to trouble for him. They both find they are having to fight their feelings and growing attraction. Now we see where their story goes and where they end up.

It's going to be a little weird to read Malcolm and Alethia/True's daughter's book... all grown up. LOL

I was grateful to receive a free copy of this book in exchange for an honest review. It took a long time to get into the story and characters, and the medieval dialect. It was worth the wait. Once the characters met in the 21st century I couldn't put the book down. The story was unpredictable, and I couldn't wait to get to the end to find out which century Sky and Struan decided to stay in. I would have easily given this book 5 stars if the

first part of the story and been easier to read.

Edwina " I LoveBooks" "Deb" says

I love the Loch Moigh Time Travel series by Barbara Longley. Book 4 is the story of Sky Elizabeth Mackintosh eldest daughter of the Earl of Fife, which we meet in bk 1. After over hearing a plot to murder her by her betroth Sir Oliver of Clan Erskine and his lover Lady Alice Lunsden. Sky flees from castle Kildrummy to find her father and brother to them that she won't marry Sir Oliver and about the plot to marry her just for her handsome diary. Then murder her. Sky flees right into the time travel portal and finds herself in 2014 at the New York Renaissance Fair's jousting field. She is laying at the feet of a Straun the illegitimate son of the 4th Earl of Sutherland. At the age of 14 Straun had been catapulted into the future from the year 1333. So he knows immediately what Skys sudden appearance means. Straun has been raised by the Gordon family and looks on them as his parents and there children as his brothers and sisters. They make excellent secondary characters to this fast moving emotional story. The question is how does Sky get back to her time in order to stop a war? Her disappearance will be considered as a broken betrothal causing a clan war between the Mackintosh's and the Erskines.

Ms. Longley doesn't mince words by adding fillers to her story. She writes well thought out fast paced funny and romantic time travel stories. The Highlander Vow's is a great addition to this series. I fell in love with al the characters. Very good lighthearted romance between Straun and Sky!!

Loch Moigh

I just finished book 4 of this series. Wonderfully written. Drama, comedy and adventure. These books catch your attention and hold it. Finish one book and you won't want to wait to read the next. Barbara Longley is now in my list of favorite authors like Johanna Lyndsey, Nora Roberts, Fern Michael's and a few others.

Dee/ bookworm says

This book was a fun, quick read. I didn't realize it was the fourth in the series when I picked it up. I think it is pretty close to a stand alone novel, but it would probably explain some of the other characters if you read them in order.

Sky was a fun character, but a little progressive in thinking especially considering what time era she came from. She is very family oriented and has a strong will to do what is best for her family no matter what is best for her. Struan is a stand up guy, but has a lot of inter turmoil. He sends a lot of mixed messages, that is a little annoying, but when the chips fall, he steps in and does what he needs to do.

All in all good story. Some explicit parts... Fast pacing and a some twists and turns. Very good HEA.

I received a free copy of this book from NetGalley for an honest review.

What a wonderful series of books

What a joy it is to find an author who writes beautifully and captures you into a story where so many adventures happen. Just gone through the flu and these books were a life line thank you Barbara.

Barbee says

Scotland, 1443, 15th century

America, 2014, 21st century

Sky Elizabeth Mackintosh, the eldest daughter of the Laird of Clan MacKintosh and Earl of Fife of Loch Moigh. She has traces of fae blood and fae powers where she can feel what other people are feeling can tell a lie to the truth As all the women in her family and line have these fae power though in different strains of it as all their powers differ. Sky Elizabeth, has arrived at the man she has been betrothed to since birth, feels nothing for it's an arranged marriage not unusual for this time period especially for the nobility. The marriage is for financial gain and lands which will become her husband's once they are wed, Sky would rather stay at Loch Moigh on her families lands forever to become a healer or a weaver and remain unwed as she wants no bairns ever! She feels her gifts are both a blessing and a curse as they have to keep their powers secret and hidden in these difficult times. For women have little choices as men make all the decisions and could be burned for witchery or sorcery if the fae powers in The Macintosh women were ever found out! This is the main reason she has no desire to deliver children into this world with such a heavy burden to be dealt with.

Still feeling unsettled as she arrived at her betrothed home, Sir Oliver of clan Erskine at Kildummy Castle, and then is horrified to learn on a conversation she eavesdrops on between her betrothed, Oliver and his lover his future plans to murder her after they have been married for a year! His evil plan to murder and manipulate Sky just for her wealth and land has her so terrorized by what she heard Sky sneaks to find her father and brother on horseback! Riding for her life on her horse at breakneck speed, fearing they know she was listening to Oliver's evil plan, Sky is thrown from her horse and is thrown right into a time portal, which lands her in the lap of a gorgeous blonde Knight, in the middle of a jousting tournament! Except one thing - Sky is now in 21st century! New York, in the year 2014 and the middle of a medieval festival!

Struan Sutherland, her Knight knows exactly what Sky Elizabeth just experienced and why she is so frightened! This so called Knight, Struan, ironically is also a time traveler, he too came to the future ten years prior at the young age of fourteen. Struan was in the middle of a battle that killed his sire, would of killed him too if he hadn't jumped in the portal! This scares him to death as he feels this is some type of omen telling him he's been living on borrowed time?

Staring at this beautiful armful stirs all kinds of emotions and memories , so he brings her to his foster family, who adopted him all those years ago. Braun is attracted to her instantly, took Sky in though what he feels for her is anything but sisterly! Yet when he finds out she is an Earls daughter all those old feelings of

bitterness, pique, animosity and envy cone flying back. All due to being born in the wrong side of the blanket the bastard son of the Earl of Sutherland! The brings back his tortured childhood memories in full force and how half brothers and sires wife had bullied him and treated him like scum!

He knows in this time it's the perfect life for him as he has a fine black smith business owns land and has a decent bank account. Nobility doesn't even exist in America plus in this time no one cares if you are legitimate or not, as no one labels you by your birth. He knows in the past he will only be seen as the bastard son of an Earl? He will never be good enough to touch Sky, a legitimate Earl's daughter! Struan won't be permitted anywhere near her, definitely will never be allowed to court his precious princess as he affectionally call's Sky!

Sky knows if she does not return home it will cause bloodshed and a clan war and besides missing her kin. She also does not want to leave Struan since opening her heart to him. Yet she does not want him to leave his wonderful life in the 21st century, knowing how dangerous the past can be. Plus the fact Struan is keeping a secret from Sky she is not aware of and either way someone is going to end with a broken heart!

Can Sky's chivalrous blond knight turn his back on his Princess? Can Struan leave his loving 21st century foster family, the family he had always wished and dreamed about in the 14th century but never had? Plus he promised The Gordon's his foster family who took him and have loved treated him like a blood son for the past decade that he would never leave! Talk about being between a rock and a hard place, what will Struan choose? Could it be possible that both Sky and Struan will end up with their young tender hearts destroyed broken to pieces? What truly devastating and difficult decisions Sky and Struan need to make! To find the answers and more I recommend you read this magnificent and astounding read.

Wow! Wow Wow! Feuding Clans, missing Laird's daughter and heiress, time portals, landing in gorgeous Scots lap, racing against time to prevent bloodshed! Star crossed lovers that readers will root and cheer they accomplish a happily-ever-after!

As Barbara Longley does it again in her fourth novel of her wonderful best selling Loch Moigh series! It is another exhilarating, fast paced, page turning, riveting, time-travel adventure, with characters that glide off the pages and right into your heart! Fans of the Loch Moigh series, do not want miss it, if you are new to the series - not to worry as you can easily read "The Highlander's Vow" as a stand alone book as well. Another unforgettable shelf keeper that had me glued to my seat, I read in a day as I simply could not put this book down!

Highly recommend "The Highlander's Vow"by Barbara Longley and hope she continues to write more novels for the magnificent "Loch Moigh" series as I absolutely love them all!

Sky's the Limit

This final book in the Loch Moigh series is exciting, moving and a great ending to a highly entertaining series. Lady Sky is about to be wed to a rival clan's heir when she is transported through time to the twenty first century. She literally lands on Struan, a medieval blacksmith and swordsman. Their coming together is hampered by several issues that haunt them both, even as they slowly fall in love. Will they remain in the twenty first century, return to Sky's time, or part forever? Or course, everything is ultimately resolved, but in an unexpected and innovative way. A great ending to a great series!

Nurul Badia says

Ini adalah buku terakhir dari seri The Novels of Loch Moigh, pastinya banyak para pembacanya yang berharap banyak dengan kualitas buku ini, begitupun dengan harapan saya dan ternyata kisahnya sangat menakjubkan meskipun mungkin terkesan good old fashioned love story for some reader. But for me it's an enchanted read!

Robin says

Ms. Longley, Thank you for the great enjoyment you have given me through your books.

I look forward to reading about the Haney Sisters, and the adventures of Teirren. You almost give me hope in writing about my imagination of Scottish Folkore.

Oh I don't want it to be over!

I want more! I have loved this series!

I think was the best read out of them all.

I loved Struan. He was just the right mix of all the best parts about a man. Kind, caring, sexy, alpha, strong....oh I could gush for hours! He was such a great character!

Sky was wonderful too. So steadfast almost to a fault. I am glad she found her footing and blossomed to a strong woman.

All the other characters from the series got their face time too. I just want to know more about what happens to them all. I know it might be cheesy to some, but it just was sweet time travel cheesy goodness!

Sad to see it end.
