My Life as Alien Monster Bait

Bill Myers , Jeff Mangiat (Illustrator)

My Life as Alien Monster Bait Bill Myers , Jeff Mangiat (Illustrator)

Now available in a hardcover edition with illustrations!

The Incredible Worlds of Wally McDoogle has taken on a cool, new look in this durable hardcover edition with hilarious, action-packed illustrations. *My Life As Alien Monster Bait* is still jam-packed with the same goofball humor that Wally fans have come to love. When Hollyweird comes to Middletown, Wally's a superstar! But it soon becomes a close race as to which will consume Wally first-the disaster-plagued special-effects monster or his own out of control pride. Lucky for Wally, he soon learns the cost of true friendship and the importance of God's command for humility. Parents and kids alike will appreciate high-quality entertainment in this high-quality format.

Blake says

Probably a little better than the first book.

Joel Mitchell says

I just started reading the Incredible Worlds of Wally McDoogie series to my children, and they are enjoying them as much as I did when I was kid. These aren't literary masterpieces, but they are a lot of fun. The first person narration by Wally (I self-styled "dork-oid") is lightly sarcastic (even satirical), the plots are rather slapstick, and every book has a cheesy superhero story thrown in for good measure (Wally wants to be a screenwriter). This author hits his stride in this second book in the series (and I seem to remember enjoying them at least as far as book 6 before they started getting too predictable and reusing the same gags). Now, the main point of the books is to teach godly behavior/character so the author basically beats you over the head with the moral...but he does it in a fun way.

Jerry says

Another zany, kid-friendly read from the awesome Christian writer, Bill Myers.

Jerry says

See my review of the other edition.

Jill Williamson says

Sludge Productions has come to Middletown to make a movie. Wally McDoogie tries out for the role of screamer and nabs the part. Then everything changes. His identity shifts from Dorkoid to famous actor. Everyone wants to be his best friend, including the beautiful and popular Melissa Sue. But that's not the worst of it. His teacher, his brothers, even his dad are all sucked in by Wally's stardom, and they all want something. Can Wally please everyone? Or will he succumb to all the attention by turning his back on his best friends?

Bill Myers has created a wonderful character in Wally McDoogie. He is funny, sarcastic, and gets into everyday mischief that we can all relate to. In this volume, Wally, a writer, is working on the story of Brawn, James Brawn and his attempts to stop the evil villain Lizard Lips from stealing all the commercials from Hollyweird. Myers uses this quirky character to show that being famous isn't so great after all. All younger teens will enjoy the laughs in this book.

The Brothers says

Asher (7yo) read. "I liked the story, but it was too long and didn't have any pictures.

(I think we'll wait till he's a bit older before letting him tackle the next one. -ed.)

Kyra says

I probably should explain why I rate these a five. All though the situations are very far fetched, I still love reading them. They are a quick, light read, and I enjoy reading them.

Honya says

As with the first book in this series (My Life as a Smashed Burrito with Extra Hot Sauce), My Life as Alien Monster Bait is a great Christian middle-grade story that manages to teach important lessons without being stuffy or “preachy” in the slightest. Between Wally’s escapades, the offbeat stories he writes, and the quirky first-person writing, you’ve got a story that’s absurdly funny (even to an adult, but even more so as a kid). But in the midst of the humor, you’ve got some excellent lessons on pride, true friendship, and that more challenging concept to nail down—not treating people differently just because they have more fame or money or coolness points or whatever. Myers brings us a blatantly Christian story with solid life lessons . . . that’s also immensely enjoyable and laugh-inducing. Definitely recommended.
