## **Don't Look** Jessa Kane

A girl's first time should be private.

I've been watching the big, brooding stranger from across the canyon with my paintbrush in hand. Does he feel me? Sometimes I swear he looks right through my tinted windows.

A risky escape and one rash decision lands me right where I need to be. In his strong, protective arms, his primal hunger consuming me. But he's not the Hollywood Hills millionaire I believed him to be. He's an enemy to my father. And we're...always...being watched.

## From Reader Review Don't Look for online ebook

### Sofia's Beddable Reads says

So lately I've been in this #BookFunk that I just can't seem to shake. Then, this book comes along and... ooohh, it is good. So good. It's been a while since I was this flustered over anything really. ?

I believe this is the 3rd or 4th time I read Jessa Kane and by now I know that when a new book is out, it's worth letting go of anything else and just dive right in. Once more, I wasn't wrong.

---

### April Symes says

Since the death of her mom four years ago, 18 year-old Hailey is locked away, her father unable to even look at her because of the resemblance to the woman he lost. Now her father only uses her when it benefits his criminal empire, otherwise she is locked up , put away and all Hailey can do is paint and spy...spy on her new neighbor across the canyon. Her new neighbor is handsome and seductively sexy. She secretly wants to see what he looks like up close and she even yearns to see in in person so she can draw and paint him perfectly. Mick is an FBI agent and is a danger junkie. He takes jobs with the bureau that are full of danger. Currently he pretends to be a billionaire while spying on a ruthless criminal and that doesn't really come across as anything remotely dangerous. He's bored out of his mind and needs to escape his fake identity. Its at this low key bar where he meets this girl who changes things for him yet before he could get more from her...she is gone. Oh this story is full of danger, excitement, intrigue, suspense, passion, and so much more. I don't want to give any spoilers away, but know this is one hot, steamy read. Ms Kane had me hooked wondering what would happen between the FBI man and the Rapunzel like princess...will they get the HEA? And what about dear old crime boss father? Oh you have to read to find out what he has in store for all. This is a keeper of a steamy read.

My Rating: 4.6 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

### Elle says

Not sure how I gonna rate this story. Skimming is the best way.

How could a father (who is a Russian mobster) strip his 18 years and half daughter naked in front of stranger and most likely watch a man deflowered the daughter? Hell no.

Ask yourself.

Overall, NOT MY TASTE. TOO IMMORAL.

## Elizabeth Neal says

Hailey is the proverbial girl trapped in the tower, but she's far from being a princess. Since the death of her mom four years ago, now eighteen-year-old Hailey is locked away, her father unable to even look at her because of the resemblance to the woman he lost. Hailey is a commodity only now something he uses to further his own criminal enterprise. Her painting, and he's tainted even that, is the only bright spot in her life. Well, that and spying on her new sexy neighbor across the canyon. She needs to see him up close, yearns to have his face imprinted on her memory to get it just right. And so, when her father leaves on a business trip, she escapes her cage and hides away in the stranger's car.

Mick is an FBI agent and craves the action being in the field brings him. Pretending to be a billionaire while spying on a ruthless criminal is not anything remotely like that. He's bored out of his mind and needs to escape all the trappings of his fake identity. The hole in the wall ball will give him that, and the gorgeous girl that just walked in looking so out of place it hurts will give him even more. Her heart for starters, because that's exactly what he wants from her. But when he returns after paying their tab, she's gone.

A week goes by, both tormented by the separation after such a short time together, and each takes drastic measures to see the other. Though Mick has no idea when he crashes his target's party that he'll find his Hailey. Though their reunion is wanted by both, Hailey knows the dangers and tries to get Mick to leave. But it's too late, and what follows is something no daughter should ever have to experience in front of her father.

When Mick and Hailey are finally able to be together, both know the danger isn't over, nor is Hailey completely free as Mick knows his boss will have some questions, and an ultimatum, for Hailey.

What happens when Mick's reluctance to involve Hailey any longer could cost him his job? How far will Hailey go to stop that from happening? Will her choice risk everything, including her life and maybe Mick's? Is a HEA possible?

One-click now and follow along as two people cross paths and discover a love they never knew could exist. I really liked this story and it would've been a five star read aside from two things. One, the two references to Mick's sexual past. While I love that he's been celibate for a while and never came across as a manwhore, I hated reading about how "seasoned women" have trouble taking his umm...size, so Hailey, pure as pure gets, would definitely have trouble. Please, no references of previous conquests like that, especially in comparison to being with who will be the love of your life. Also, Mick referring to himself in the third person. That drives me crazy for some reason. Overall though, these issues were minor and I loved the story. I'd definitely recommend it.

\*\*I voluntarily read and reviewed an Advanced Reader Copy of this book.\*\*

## Book Snob Sue says

Whew daddy, these two were hot as hell, burning up my kindle kind of hot. Mick is an under cover FBI agent in a big case, but out for a night to let off some steam. Hailey is kept locked in her house by her dad. She stowed away in the back of Mick's car to get a better look at him, for her painting. He knows he wants her right away, but when she finds out who he is, she makes a run for it.

Fast forward a week and this is the reason Jessa Kane books are one of my guilty pleasures, wow just wow. Mick is at his neighbors under cover, the neighbor he is trying to bring down happens to be his dream girls dad. Her dad catches them and shit gets real...and hot.

This was a steamy and safe read with a tough, dirty talking FBI agent and virgin, that has an interesting first time. No ow or om drama. There is some baby batter, a whole lot of heat, little suspense and action. An epilogue and hea.

### **Michelle says**

DNF

---

### **Jen ♡ says**

[by the voyeuristic father watching his daughter lose her virginity (hide spoiler)]

---

### **M.K. says**

This book! So many emotions while reading this. Mick was so alpha and Hailey was perfection.

---

### **Rejane says**

[father watches daughter losing virginity. I don't care what were the circumstances, it's just sick and disgusting (hide spoiler)]

---

### **Lisa says**

Dang- this book was super sexylicious. You've got a super duper innocent girl and the undercover fed who wants to rescue her, among many other things. It's very insta. This novella is a very enjoyable guilty pleasure read. There's a happy ever after, too.

---

### **Julia says**

ughhhhh you completely lost me when the heroines father watched the heroine loose her virginity to the hero and she liked it.

## ?Tonya? says

### 3 stars

- no cheating
  - no ow/om drama
  - instalove
  - lots of steam
  - virgin heroine - losing her virginity-that scenario was just weird and added nothing to the story for me
  - just ok epilogue that was not very far out
- 

## kookyquinn says

Well that was terrible. It made 0 sense and wasn't really well thought out. Just as I was about to DNF I realised it was almost over so I just kept going/skimming a bit cause yeah, no.

---

## Linda Barrett says

This 3.5 star novella is a quick,fast paced, filthy fix you can devour in a hour or two.

This is a great addition to Jessa Kane's novellas.

I really enjoyed reading Mick and Hailey's story.

One minute it's super sweet and the next it's sizzling white hot.

Mick is all alpha and Hailey has a sweet innocence he needs to protect but maybe Hailey can protect him right back.

One click this novella straight away to find out what lies ahead for Mick and Hailey.

I'm voluntarily reviewing an advanced reader copy of this novella.
