## Love Shouldn't Hurt: Breaking the Chain Meesha

KAYMEE wants out of the projects and the desolate lifestyle she's been forced to live. She's determined to do something positive with her life, and she doesn't want to use her body to get what she wants. On the road to attaining her goals, the young, strong-willed butterfly has overcome every obstacle that was placed in her path, except one, her abusive mother, DOT.

Dot would've been better off had she been born infertile. The way she treats her daughter is nothing short of trifling. Kaymee's will is unbreakable. With the help of her two best friends, POETRY and MONTY, she leaves her mother's home ready to take on the world, but the world can be a bitter, cold place.

In the midst of madness, DRAY appears like a the fairy-tale lover Kaymee has always needed to help heal her wounds. Can Dray do the impossible and show her that LOVE SHOULDN'T HURT? Or is Kaymee too damaged to repair?

One thing's for certain, Dot stops at nothing to see Kaymee down and out, and dragged through the mud. Ultimately, who will have the last laugh, mother or daughter?

This was hot, I've been reading everything you've put out Meesha and this right here was amazing. To go in and out, not knowing what's to follow. Amazing. But Dot has reached in my inner core and I just want to reach out and slap her three ways to Sunday. She had me on 10! I can't wait for part 2. Come-on on with it Meesha.

Wow, how can you have the one thing you should love. No child is asked to be here, so when you decided to bring a life into the world, you should cherish it. Having a baby doesn't make a man stay if he doesn't want to and blaming that child is just downright stupid. Kaymee just wanted a mother's love, instead she got the mother from hell that is jealous of her own daughter. When she meets her father for the first time in yes, hopefully the truth will be revealed and all hell will break loose. Can't wait for the next book

#### **WOW**

What a ending I can't believe you left us wondering like that. I really hate Dot and she must die how can she hate her own daughter because a man didn't want her, she just pure evil. I hope Kaymee is alright and I can't wait for Monty, Poetry, Drayton and the Goon Squad to get a hold of Dot and torture her can't wait for part two. Keep up the awesome work.

#### **Powerful book!**

Wow that things that Kaymee dealt with living with her so called mother Dot was unbearable to read at times. I can't believe she hated her so much. I can't stand Dot. I love the way that she has friends like Monty and Poetry to help her keep her head up at times. I love how Poetry's mother took in as her own knowing what she dealt with at home. I can't wait to read part 2.

### **Amanda R Belone says**

#### **Wow**

Ok Dot need her butt whipped. I do have just one small issue I notice how Johnathan and her had a sit down and he came clean abt everything well almost everything. If he wanted to be 100% honest why didn't he just say babygirl in the beginning I didn't want u and I told ur mama to abort u and I hauled ass out of town then had a change of heart when u made 4. He came in like the hero when he played a part that led to Dot becoming so vengeful. Even though she should've STILL loved her daughter instead of trying to hurt her bcuz a man walked out their life. It didn't really need a part 2 but hey I'll be waiting for it.

### **Zerelease Hall says**

**This is a very detailed book of the so called love that every child experiences who is raised by an abusive parent,or an individual who is in a abusive relationship as to where the partner feels as though what he or she say is more important than the individual.**

Loved it ! Very drawing and makes you not want to out it down..keeps your mind wondering as to what's going to happen next..

### Phenomenal

OMG..... This book had me on the edge of my seat. Fantastic read. No matter how bad her mom treated her she never lost her focus striving to be the best she can be. Her mom was slowly breaking her down. So happy she had friends that lived her dearly and always have her back. Fantastic to read part 2
