Title: Absolution

Author: Keri Lake

Genre: Dark Romance

Type: Novella from Wanted: An Outlaw Anthology

POV: First Person - Dual

Rating:

As a priest, Father Damon heard it all from behind the screen of the confessional booth. But when a man confessed to a despicable crime, he had to take matters into his own hand. He thought he eliminated one issue, but then Ivy Mercier came crashing into his life and posed a whole set of new challenges for him.

As much as I believe we're all deserving of God's mercy, there are those among us, wolves amongst the flock, who are, by their very nature, unrepentant predators, the kind that seek out the most innocent and vulnerable.

Father Damon was one sexy priest that could make women worship him on their knees. His dark past was intriguing and the untouchable aspect made him alluring.

Unfortunately for him, I'm not any other girl. History has proven, time and time again, that I'm an opportunist—admittedly, not always wise in my pursuits.

Ivy seemed to have trouble following her around. She made mistakes, but she learned to find a solution even though they might not be in conventional way.

I love taboo and short book so this one is a good combo for me lol! Even though the story was a little straightforward, I still enjoyed it. I like how it brought out several different emotions throughout the book.

Absolution is a story of being true to oneself. The novella is featured in Wanted: An Outlaw Anthology with 100% of the proceeds going to St. Jude Children's Research Hospital.

ABSOLUTION by Keri Lake

4.5 STARS

C'mon, pécheresse, let me hear you scream."

"Oh, God!"

"There is no God here, Ivy. Only me."

Bless me, father, for I have sinned. Oh how I've sinned! I've sinned So. Freaking. Hard. And I'm not even a little sorry. Absolution was a deliciously thrilling ride that skirts the edge of propriety and was so good, it was downright sinful!

*Moans muffle into the pillows, while she rolls her head and claws at the bedding as if possessed by demons. Maybe she is. Surely, God isn't present here, while I f*ck her with the kind of reckless abandon that'll land my soul in hell.*

If you've never read anything by the immensely talented Keri Lake, then this is the story you need to start with to get a good taste of her addicting story telling. And if you're a fan of taboo romance, that you definitely need this book in your life!

Father Damon is not all that he seems. There's a dark undercurrent to this man of the cloth and a history riddled with demons that have followed him into his present. When a man steps into his confessional to describe a crime that's horrific beyond words, it sends Damon into a tailspin of repressed anger and

vengeance. Then a beautiful woman with her own dark secrets puts his faith to a true test.

Absolution is a sizzling story full of grit and a dash of darkness with a heavy layer of taboo. It was a page turner from beginning to finish. A high paced thrill ride of vengeance with a deliciously sizzling romance.

Ivy is a character that I wasn't sure I'd like at first but boy did she grow on me as the story progressed. Her reasons for getting to Damon aren't exactly altruistic. This is a woman with a hidden agenda, but one made out of utter and complete helplessness. She's desperate to get away from a demon of her own past and she'll do anything to escape him. Even make a sinner out of Damon...

With plenty of mind-blowing twists and turns that I've come to love and expect from this author, Absolution was one unputdownable read that I recommend for any fans of gritty taboo romance.

???Review of Absolution by Keri Lake???

“I absolve you of your sins.”

Oh, my!!!! How it is possible to write such an intricate story, to built up the anticipation, to gave life to multidimensional characters and stir strong emotions in a novella is completely beyond me. But Keri Lake did it, mastered it, another proof of her incredible talent.

I found myself captivated from the first pages by the dark and gritty atmosphere of Absolution. The mystery and chilling revelation surrounding the first confession set up the tone, there will be no sugarcoating anything in this read.

Father Damon, broody and handsome priest hides secrets and a past which ledt him scarred.

Ivy, strong and feisty heroine is eaten away by guilt and threats. She made a pact with the evil to protect her Mamie but can barely contain all the stress and disgust induced by her situation.

Both Ivy and Damon are tormented, I found them perfectly imperfect and all the more endearing for that. I loved their dynamics, Damon's darkness and Ivy's fierceness and determination. The taboo and heavenly sinful relationship, the sexual tension between Ivy and Damon were sizzling.

“But your penance is my pleasure. And you have much to atone for.”

As the story unfolds the reader discovers the depth of the plot. Little by little, more elements and twists increased the suspense until all the pieces of the puzzle eventually click together.

Absolution is definitely a book that will keep you enthralled and played with my nerves all along. Keri Lake built a world I would eagerly read more about Ivy and Damon, dare I hope for a second book?
“Only God forgives , Ivy.”

I VOLUNTARILY REVIEWED AN ARC COPY OF THIS BOOK. THANK YOU!!!

"God promises mercy, but he does not promise tomorrow."

In this anthology, I read **Absolution** by Keri Lake. **Absolution** is a dark and twisted contemporary romance full of passion, sin, and suspense. Father Damon Russo has done his best to serve God and the church and forget about the life he left behind. When Ivy Mercier stumbles into his confessional, his life is turned upside down. Ivy is involved with some dangerous people and she is desperate to get away. When she discovers Damon has a secret, she decides that he is the answer to all of her problems. Ivy has a light-hearted gypsy spirit and yet, she is also a master at seduction. Damon is instantly drawn to Ivy and she becomes his obsession. Together they are perfectly matched and become a force to be reckoned with.

"No amount of theology can banish what has been pumping through my veins since the day I was brought into the world."

Told in multiple POV, **Absolution** is an action-packed ride full of many twists and turns. The plot is complex and the characters are thoroughly explored. In true Lake fashion, the connection between the main characters is smoldering hot and each moment seamlessly blends into the next. The timeline blends fluidly which allows the reader to be immersed in the story and have a full understanding of the torment and despair both Ivy and Damon have experienced.

"Ivy is poison in my blood."

Overall, I highly recommend **Absolution** to anyone who enjoys an action-packed taboo read full of passion and complex characters. Keri Lake has always been one of my go-to authors and once again she has crafted an unforgettable story with the promise of more greatness to come!

“For you are dust, and to dust you shall return.”

Father Damon has heard all kinds of sins behind his booth as a priest. However; this one specific confession brought back memories he wished he'd forget. He knew he had to do something to prevent more crime by this person.

“God promises mercy, but he does not promise tomorrow.”

Ivy Mercier was stuck in a difficult situation and she needed a way out. Her one big mistake is now bringing her permanent troubles and she needed to find a solution to regardless of how extreme she is willing to go to do this, she knew it was her only way.

My review is based on one book in this anthology: [CLAIMING CHAOS](#) by Kim Bailey.

”Run or fight. Live or die. Claim chaos or lose her forever.”

Bodhi is a for hire killer. He tries to keep his life as uncomplicated as possible by living simply and not having attachments.

Kira is a complicated woman. Her sister is missing and left behind a little girl. Kira is on a mission to find her sister and keep her niece safe.

Their worlds get tangled and Bodhi’s mission becomes helping Kira. There are some surprising revelations as the story unfolds.

When the story ends it's not on a cliffhanger but more of a feeling that there's more to come. Readers will need to stay tuned for the next installment to continue reading this story.

CLAIMING CHAOS is the first book in a new series: *Chaos & Control*. This novella starts out with a great plotline that will continue in upcoming installments. Lovers of vigilantes will be onboard with this thrilling story.

Rated 4.5 Stars

Absolution is a dark, depraved, hot and taboo tale with a bit of actipn. I loved it especially the dual nature of Damon, he's unlike any priest I've ever met. I also loved that even though it's short there's complexity to the characters. I highly recommend to those who love dark, taboo stories.

4 stars!

In this anthology, I read **Claiming Chaos by Kim Bailey**. I love Kim's writing and her romance novels, but this book, it was totally different than what she normally writes. This was darker, more of a romantic suspense and I was pulled in from the very start. I loved Kira and Bodhi's story and I can't wait for more!

"I like you when you're feisty."

"Do you now?"

"You're stunning when you're ferocious and wild. Deadly,"

?Kira and Bodhi meet in an unconventional way. It's wild, crazy, and complete chaos. Kira is on a mission to find her sister. You find out some of her story, but there is still so much more to learn. She is strong, a warrior, and willing to do what she has to do. Then there is Bodhi. A killer with a conscious who is a cocky alpha. Gah. These two had so much chemistry!

My only complaint about this story is that it was much too short. There is so much more I need to know. I hope the next installment comes out soon! Recommend to all lovers of dark romance/romantic suspense.

DREAD:S.H. Richardson

It's a story of a very harsh life, dread has a tough childhood, which has shaped his adult life on the run. His own destiny, a horrible person is chasing him while parole is keeping him tied down

Jerome Red was cut down to simply Dread by the time I was six years old.

Michelle has a rocky life too and it's happenstance that they meet and rest, as they say, is history.

Michelle has a traumatic incident bottling her with social anxiety and panic attacks, making her a recluse and almost shut in her home. Her own have abandoned her and when Rome and her share the same building, rescue comes in a form of a surprising dark angel.

It's a stark story which makes you feel thankful of your privileged life. Very true and very introspective. Sharon writes with authenticity and honesty. I liked the story

Wow! What an experience. I'm not even sure how to review this because there are so many great stories from so many authors. Each one unique, each one intriguing. The best part of anthologies for me is getting to find new authors and I've definitely done that with 'Wanted: An Outlaw Anthology'.

If reading about bad boys and finding new authors is not enough to get you to buy this, then do what I did and pre-order this anthology because 100% of the proceeds from this set will be donated to St. Jude Children's Research Hospital.

I was provided a review copy by the author. This did not influence my opinion of the book nor my review.

*Review for Dark Savage by Erin Trejo from this anthology

I love Savage & his story.. This is not sweet romance with a sweet happy ever after,, no this is rough , wild & gritty story. With plenty of deceit & betrayal-We can't forget with plenty of action & suspend.. Oh & the chemistry between these two main charactor is amazing off the charts

Savage is force to do something he knows he will regret for his MC, that part he will not regret protecting his club at all cost ... But if the club discovers what he's been doing, his life is over
"What we do with traitors is put them down like the rats that they are.

This is the first book of a series, & while there is definitely more to explore, I appreciate that the author does not leave us hanging on a cliffhanger. This episode in the story is resolved, and now it's time to move forward. I look forward to picking up the second installment, when it's released.

➡? Hope you enjoy this read & also always keep in mind this is just my opinion

Wanted: An Outlaw Anthology-Claiming Chaos By Kim Bailey- 4.5 Fighting or F@cking Stars

****** 1/2 Spoiler Free- LIMITED TIME 99 Cents**

You know that feeling you get when you watch an older movie with the bad guy, the beautiful woman and they both can't get enough of each other. The setting could be like an old Bogart movie with Lauren Bacall...all smoldering and sensual...she, the victim who was in danger or done wrong...and he, the detective or criminal who was there for her, whether she wanted him to be there or not. And there was this electricity which was pulsating throughout the entire time they were on the screen...

Well, take that type of feel and apply it to today's world of ugly...Where women are taken and lost to human trafficking, where the Russia Mob has worked its way into all corners of life and where a young woman seeks to find a sister caught up in all of this...

Kara thinks she has all the tools necessary to find her sister. She has located the one man she will make give her the answers she seeks. She is armed, dangerous and is ready to do what is necessary...What she is not prepared for is another interrupting her interrogation and ruining her mojo...

Bodhi was on a mission, nothing unusual. He had taken the contract through his twin, did his research, learned everything about his target down to when he would floss his teeth and yank his dick. Bodhi knew you left nothing to chance. He had scoped out this target and finally, the man was going to be alone, no family member or unintended casualties to be concerned about. The timing was now. He was in control as always.

So how come there was this black leather clad ninja vision of beauty using her seductive tones on the target tied up and in his sagging boxers...She was coaxing him, trying to persuade him to give her vital information...Unfortunately, there wasn't time for this and Bodhi intervened...

Kara couldn't believe this and within a matter of moments, her gun was aimed at Bodhi, questioning him and telling him she needed him gone. Bodhi, being Cocky, Sexy and in Control Bodhi, threw around some banter and then things got hectic. The Russian mob appeared, shots all around were fired, the target was killed and Bodhi protected Kara's life while taking a bullet. They escaped but only for an instant.

When the dust settled, Kara was full of mixed feelings. Her only source of information to her sister was dead. The man who killed him also saved her life. She had others who depended on her and now she had to regroup. She pulled her defensive move on Bodhi and jetted out leaving this man who ruined everything yet saved her in the lurch.

These two only met for a moment but each impacted each other in ways they couldn't forget. As this story continues, they become a team of sorts which causes deeper feelings and actions that they are willing to admit. Each is a question to the other. Why are they the way they are...How can it be each is so intuned to the need of the other...and why for the love of God, can't they keep their hands off each other...

Kim Bailey gave me a modern day Noir story with all the darkness and sensuality of the past. We had the bad guy who was trying on his own to fix the world and the woman he comes across. He cannot stop his need to protect her even when she is tough and capable. There are mutual enemies and twists coming at every juncture. Although we have an end, we look to see if Bailey will be willing to give us more...

This is part of an anthology which has a list of noted authors. All proceeds for this anthology will go to St.

Jude Children's Research Hospital. What better reason to enjoy all of these "Wanted Men".

Father Damon Russo has been on the righteous path for eight years, but one night he hears a confession that stirs dark emotions. As Damon tries to reconcile what he discovers, buried instinct fuels his need for retribution.

“Like an old friend, something cold and familiar snakes through my veins, winding itself around my tightly woven composure and strangling my control.”

Ivy Mercier leads a humble life but she managed to get involved in a situation that doesn't have an easy ending. Tired of not having options, Ivy seizes an opportunity to finally walk away but it comes with a cost.

“Now tell me what you want, Ivy. Tell me what dirty things you want me to do. Confess your sins to me.”

Told in dual POV, the plot moves forward at a swift pace with convincing character development, especially given this is a novella. Weaving the past into the present helps to explain Damon's evolution to priesthood and then it all explodes.

“I lay my hands on her head, as if conferring the Holy Spirit upon her, and tip my head back when she sucks me base to tip. “Yes, that's it. Take all of it, Ivy. Every inch of what you've sown.”

Damon is absolutely tantalizing with his pent up sexual desires and dirty mouth. I liked his edge and the conflict between being good and bad. From the beginning, his interaction with Ivy is intriguing because she ignites a fire that he's tried so hard to extinguish. Ivy is feisty and resilient but she is also sincere and giving. With their push and pull chemistry, they are combustible.

Absolution is a dark and taboo romance based steeped in revenge and underworld dealings. This book will

appeal to those looking for a smoking hot romance with gritty action. I look forward to more of Damon Russo.
