I can honestly say that I was very skeptic about reading this book, I guess you can say I had no desire but my 3 nieces challenged me to read this book and told me I would fall in love with it. I of course took the challenge and wanted to prove them wrong but of course I turned out to be wrong I absolutely loved this book. It is extremely funny, humorous and pleasant. Even the eerie drawings captured my attention. Jill Murphey is a great author and she has made me want to read all of these books now lets just see if I can convince my nieces to let me borrow the books for a bit. I enjoyed this book not just because it was great but because it not only engaged me but my nieces and shows that a book that can capture an audience of all people proves to be a book of great intelligence. Great book highly recommend.

Cartea lui Jill Murphy beneficiaz? de toate avantajele fa?? de cealalt? carte despre care mi-am propus s? scriu c?teva cuvinte: se situeaz? într-un mai vechi Hogwarts, într-o ?coal? pentru vr?jitoare, are acces la personaje secundare care ar putea fi grozave, poate profita de tov?r??ia unor animale care pot deveni legendare: lilieci, bufni?e, pisici negre. ?i totu?i nu î?i fructific? deloc atuurile...

The Worst Witch at School and the Worst Witch Strikes Again, by Jill Murphy

Murphy's law reigns supreme in the life of student witch, Mildred Hubble--anything that can go wrong does.

She still manages to save the day on multiple occasions. A light, fun read for children 8-11. I like children's books and this was fun, but very young and light. It was cute and children this age will enjoy it.

It's not an ambitious book like Harry Potter. This one, by the way, came first and is quite similar in some ways, it's a boarding school with classes in potions etc. and a big spooky castle. The difference is, there is no abiding force of evil against which to struggle. This may be appropriate for very young children, but makes the book seem a bit fluffy in comparison. The evil that does read its head is minor and brief.

I love children's literature. This book is good, but not great. I am interested in what makes a book superior, because I want to write superior books. LOL!

I really enjoyed this book, it was one of my favorite ones. From the first page to the last page it had interesting and fun stuff happening that kept me reading it. This book was really enjoyable, I really loved it, the part I liked the most was when Mildred saved the academy. I think it was the most cool part of the book because, after this happened Mildred became a good witch, and not a worst one. I really recommend this book, I think you guys will enjoy it a lot.

It was great to find this book, had been trying to read this since like 10 years ago when saw the tv series. This book is a compendium of book 1 and 2. Includes lots of drawings which is great. It's really fun to read even as an adult.

Fue genial finalmente poder leer este libro. Lo habia estado buscando desde hace como 10 años, que veia la serie de television por el canal nce del IPN, lastima que en español no existe. El libro contiene los libros 1 y 2 originales.

Tiene dibujitos que son bastante divertidos.

La historia es para niños pequeños, así que bastante simple. Aun así fue bastante divertido leer este libro.

I loved my book so much. It was so funny. It was funny because of the things Mildred did. Like how she turned Ethel into a pig. It was so funny. I couldn't wait until I got to the next book. I loved it. I really enjoyed Mildred as a person too. Pg. 22 and 23.

Someone who would like this book is someone who likes funny books. They would really enjoy and love this book. They would enjoy this book because it is very funny. They would also like this book because it is enjoyable too. I enjoyed a lot.

A challenge was keeping up with who was speaking. It was a challenge because it confused me a lot. It confused me because when I was reading someone might say something more than once. And it confused me a lot when it didn't say that that person had said something twice.

This story was about how Mildred was in her first year of Miss Cackle's Academy for Witches and is already making a mess of it. She can't fly her broomstick or get spells right. Then she turns Ethel into a pig and into her sworn enemy. Now she had realized her troubles had just begun.

This I read with my 7-year-old. It was VERY cute. I had seen the tv show years ago and fell in love. This was way before Harry Potter, but is so much like Harry Potter that you can use the movies to visualize most of the stories in this series. It is a lot more light-hearted, though, and perfect for an early chapter-book reader.

Decided to reread after watching the Netflix series. A fun, light read.

Este o carte interesant?,dar este cam pueril?. A fost amuzant când Mildred a transformat-o pe Ethel .O recomand copiilor care au sub 9 ani, inclusiv .

Erin says

When a witch named Mildred goes to school, there is going to be trouble. Mildred doesn't mean to get in trouble she just happens to always get in trouble. There she will make friends. And happen to save the school?

This book has 2 stories in 1. Read both. They are both funny with monkeys and cats both flying on broom sticks:)

A wonderful read from my childhood, one I'd certainly suggest for other youngsters. Whilst it is not my all-time favourite childhood read I can still recall all the details of this one meaning it certainly left a lasting impression upon my young mind.

And isn't that what we want with children's books, for them to leave a positive lasting impression?
