I think this book is for people who like humer books and are in grades 2 to 6. My favorite part of the book was when Greg climed through the sewer to Rowely's house just so he could dodge Fregly(The wierd kid). The auther of this book is Jeff Kinney. I think this book was really funny becuase they do really wierd stuff like trying to ditch school.

I don't approve how Greg treats his best-friend Rowley but after all what happened, at least they back as being friends in the end. I like how Greg's Gammie advised him not to hurry growing up and just enjoy his time as a teen now. Young readers of this series also must remember the lessons hidden behind the funny stories in this series because they are written especially for them.

This was a very funny book, but perhaps not quite as funny as the rest of the series. Don't get me wrong! The Ugly Truth has plenty of laugh-out-loud moments. But, while the first four books had me roaring with laughter, erupting in guffaws, and frequently demanding to read aloud portions of the inspired insanity to anyone within earshot while gasping and trying to catch my breath, this latest offering only had me chuckling ruefully, or perhaps breaking out in a broad grin from time to time. I think part of the reason why this book didn't tickle my funnybone as much is because Greg Heffley is growing up. He's always been conscious of being a middle-school boy and a bit of late-bloomer, but this volume has him much more worried about when he's going to catch up with a lot of the guys in his class. There's less random hilarity in this volume, and more of a connected storyline, as Greg ruminates on his still strained friendship with Rowley, his uncle's upcoming wedding, his health class and school slumber party. Greg's obsession with getting more popular, and winning over girls in particular, continues to be charming.

I was surprised however, by how much he really didn't get it, in terms of Rowley. Greg has been a selfish friend over the years, but he doesn't see that at all. He just wants things to go back to the way they were, when Rowley put up with all of his abuse. Greg's bored demeanor with everything having to do with his family, and his disappointment at being treated like a little kid at his uncle's wedding (he was hoping to be a full-fledged groomsman, rather than an assistant flower boy) was pretty silly, and the highlight of the book, for me, was the school sponsored sleepover. Convinced he's going to be able to mingle with cute girls all evening, Greg eagerly signs up, but is sorely disappointed when it's mostly guys and their over-earnest teachers take away all of the kids cell phones and electronic devices when they refuse to socialize with each other. Predictably, the helicopter parents arrive to pick up their kids early, fearing the worst when they don't answer their text messages.

The blend of humor, and stick figure-like cartoons which convey so much emotion which are the hallmarks of this series are still here and Wimpy Kid fans won't be disappointed in this latest addition.

You just can't get enough of it.

I have been introduced to these lately and I find it surprisingly addictive. This one brought in little surprises of Greg's mom leaving the house to the men and the resulting dilapidation of the daily routines, the short and thankful introduction of the domestic help and her witty circumventions around the works.

I guess the reason we all find this so intriguing and compelling is that there's that kid inside each one of us. The stupid beliefs that we all had about the workings of the universe. Things that we keep to ourselves. Those troll incidents that we want to laugh out loud to but do not want to be associated to our adult images.

This book brought many such incidents and packed them into one for me. You might think that you maybe a Tony Stark or something but you sure had some funny mishaps in the world of adults.

Or as we call it, 'there's this funny thing that happened to my *friend* in childhood'.

A whooping five star from a 22 year old. :)

This was a very funny book. I loved all the parts of the book but I especially loved the part where Greg overheard his parents in thinking that he was going to be the GROOMSMEN because they were getting him a tux. He thinks he gets to join in on the party that's held for the to-be married man. But turned out he was the assistant flower boy. I was laughing so hard because he had to hold the flowers for Manny. i recommend this book to all who loves humor books.

I think its the best of all the other ones.If you like funny books , you should read this.Greg Heffley and Rowley had a fight, and now they are not friends anymore.Now Greg and Rowley have to find new best friends.Greg thought that things would be changing with him and Rowley,but that didnt happen because Rowley had found a replacement friend.Actually his parents paid for the replacements.In the beginning Greg is alone with no friends to talk to.On page 12, he is sitting by himslf while a kid named Bryce Anderson is surrounded by alot of kids.Greg has been spying on Rowley and his new best friend.

I think Rowley needs Greg because Rowley cant do anything right without him,like he cant even tie his shoe,he has to wear velcro shoes.I also think that Greg should tell Rowley that he wants to be his friend again.On page 4 Greg it said that "if he wants to save this friendship he'd better do something fast.Why cant he do it?I predict that Greg and Rowley are going to be friends,at the end, some way or another.

The Wimpy Kid series is crossing all the barriers of laughter, breaking all the records, leaving me roaring and screaming with laughter, also with phrases like 'Hey, listen to this one, what Greg did....'

The reason Wimpy Kid is a big yes, is because at one point or another, one finds himself in the shoes of Gregory.

He's a normal kid who wants to get famous, dreaming of dating and marrying the most popular girl in school, thinking of ways to get rid of his brother's mischief, and has an equally funny and fat bestfriend!

Keeping a diary is a cool idea for self improvement, but when Greg's luck is going to work in his favor is a matter of question!
